

THE ROMAN CATHOLIC

ARCHDIOCESE OF ATLANTA

Memo

Date: February 17, 2025

To: Priests

From: Fr. Pedro Poloche, director, Ongoing Formation of Priests

Re: Person and Identity Project leadership toolkit

The Person and Identity Project (PIP), who conducted our 2024 fall study day on Gender Ideology has created a toolkit for pastors, parishes and schools and it is available free of charge.

Please see the note below from the PIP along with instructions on to how to acquire the kit and sign up for their mailing list.

"Hello,

With much anticipation, we're excited to announce that the Person and Identity Project's Leadership Toolkit is now available! Throughout the years, we've received many requests from dioceses, schools, and other institutions for resources just like these.

PIP's Leadership Toolkit includes seven informative resources to help you and your staff respond to issues related to gender ideology. This toolkit includes practical guides to help you with staff formation; creating and implementing policies; learning the medical facts; understanding the Church's stance on gender ideology and communicating the truth of the human person. To access the Leadership Toolkit, complete the inquiry form [here](#).

We are grateful for the opportunity to serve you in this way. If you have any questions or need additional information, please contact us at personandidentity@eppc.org.

Sincerely,
The Person and Identity Project
